

**UNIVERSITÉ DE  
FRANCHE-COMTÉ**

*The sport faculty of Besançon*  
1350 students

## C3S Laboratory (Culture, Sport, Health and Society)

- 25 permanent associate and full professors
- 15 PhD students

### RESEARCH AREA : SPORT AND PHYSICAL ACTIVITY

through a multidisciplinary approach :  
history, sociology, physiology and neurosciences.

*scientists dedicate their research on the effects of several types of sports activities and training modalities on psychomotor and physiological factors, sociological and psychological behaviours.*

From athletes to patients, promoting physical activity as a  
therapeutical tool.

**Dr Célia RUFFINO**
